Digital Office

*Multi-format, high-quality
digital copying, up to A3*

infotec IS 2113

Compact and practical digital technology...

Outstanding output quality:

- Laser-print quality copying
- Up to 600dpi resolution
- 64 grey scales

Productive features:

- *Scan once - print many*
- Up to 13 A4 copies per minute
- Automatic exposure control
- Photo mode
- Electronic sorting
- 50 user codes
- Zoom 50-200% in 1% steps
- Paper sizes A5 to A3

...digital speed, digital quality

Digital or analogue? Not a difficult decision. Thanks to the latest technology, high-quality digital copying and time-saving features, such as *scan once - print many*, are now available in the office environment.

Automatic exposure control - superb image quality every time

Compared to conventional analogue copying systems, the infotec IS2113 compact digital copier copies text, graphics and images in razor sharp laser-print quality at up to 600dpi resolution and with 64 grey scales.

In addition, the special digital photo mode function or the manual exposure control can be used to further improve the image quality.

Scan once, print as many times as needed

Scan once - print many saves valuable time, protects the source document and uses the full system speed.

Convenient and user friendly

- Zoom from 50 to 200% in 1% steps
- Seven fixed stages for reproducing in DIN formats
- 50 user codes guard against unauthorised system access and allow copy costs to be assigned to a specific user
- The optional 16MB memory allows electronic sorting

Feature-rich

The 250-sheet paper tray allows for paper sizes ranging from A5 to A3 and weights ranging from 60 to 90gsm.

And with its 100-sheet capacity bypass tray, the IS2113 can directly process special materials, such as OHP transparencies, and documents ranging in size from A6 to A3 and from 52 to 162gsm.

An optional cabinet allows paper and toner to be stored within the unit itself and for super-fast copying of entire sets of documents, choose the optional 30-sheet ADF fast feeder.

Thanks to the clear, logically designed control panel, the infotec IS2113 compact digital copier can be operated just as easily as a conventional analogue copier.

infotec IS2113 - How many copies do you need today?

Technical specifications IS2113

General specifications

Printing methods	Laser
Toner	Dry, dual-component toner
Output speed	
A4:	up to 13 pages per minute
A3:	up to 6 pages per minute
Warm-up time	<25 seconds
Paper formats	
Standard tray	A5-A3
Bypass	A6-A3
Paper capacity	
Standard tray	1x 250 sheets
Bypass	100 sheets
Paper weights	
Standard tray	60-90gsm
Bypass	52-162gsm
Output capacity	250-sheet internal stacker (80gsm)
ADF source document feeder (optional)	
Paper formats	A5-A3
Capacity	up to 30 pages
Paper weights	52-105gsm
Special feature	Scan once - print many
Electronic counter	Yes
Power supply	220-240V, 50/60Hz
Energy consumption	<1.2kW
Dimensions (W x D x H)	550 x 568 x 420mm
Weight	<34kg

Resolution	up to 600dpi, 64 grey scales
First copy	<6.9 seconds
Copy pre-selection	up to 99
Memory (optional)	16MB 32MB DIMM
Zoom	50-200% in 1% steps
Enlarge in fixed stages	122, 141, 200%
Reduce in fixed stages	93, 82, 71, 50%
Image contrast	Automatic and manual
User codes	50, 8-digit
Photo mode	Yes
Automatic start	Yes
Scan once - print many	with 16MB memory (optional)
Electronic sorting	with 16MB memory (optional)

Options

Memory	16MB 32MB DIMM
Platen cover	Document glass cover
ADF	up to 30 sheets (80gsm)
Cabinet	Yes
